WELCOME TO APEX VERANDAS

YOUR OUTDOOR ROOM, FROM FIRST VISIT TO FINAL FIT

Apex Verandas is a family-run business that designs, supplies and fits verandas, pergolas and glass rooms across Northern Ireland and the Republic of Ireland. We measure your space, recommend the right structure, and our own teams fit it: an open veranda in a day, most glass rooms in two to four.

5 showrooms

Ballymoney, Dublin, Cork, Carlow and Galway

1,275+ orders

supplied and fitted for homes and businesses across Ireland

Own fitters

Our own teams fit every job, usually 6 to 8 weeks from order

4.9 ★ Trustpilot

from 146 reviews, North and South

Up to 10 years

guarantee on the roof; 5 years on the finish, 2 on workmanship

RTÉ DIY SOS

We supplied the glass pergola for The Big Build Ireland, October 2026

FIND YOUR OUTDOOR ROOM

WHAT DO YOU WANT YOUR SPACE TO DO?

Keep the rain off

An open veranda or pergola fixed to the house.

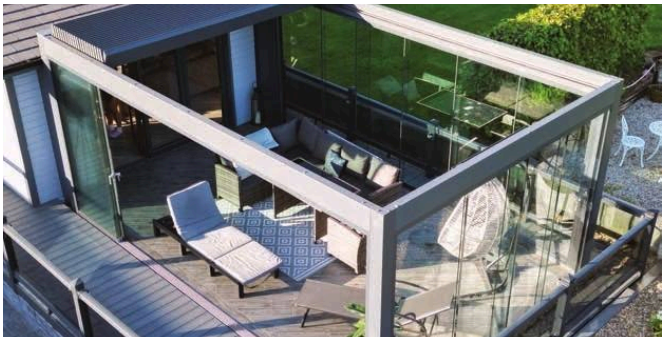

Bosco · Giallo · Pigato · Trebbiano · page 8

Use it all year

A glass room with sliding doors you can open on a good day.

Any veranda + glass doors and side walls · page 26

Open the roof to the sun

Louvred and retractable roofs, opened by remote.

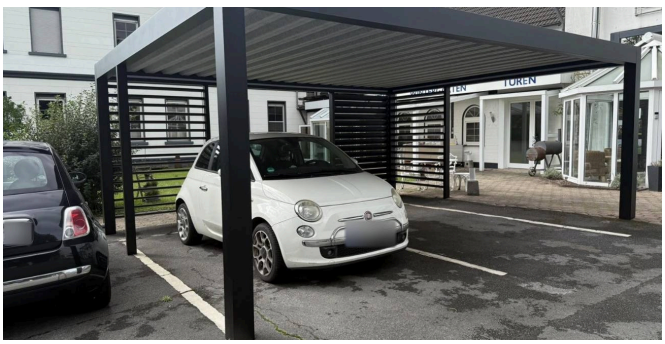

Pinela Louvred · Pinela Retractable · page 20

Put it anywhere in the garden

Freestanding structures on their own posts.

Ribolla · Pinela Glass · page 16

Cover the car

Freestanding carports, or a veranda over a side entrance.

Every model can become a glass room

Glass sliding doors and side walls fit every structure in the range, on the day it's fitted or years later. See pages 26 to 29.

Usually 6 to 8 weeks from order to fitting. Sizes in metres; other sizes to order. Colours are frame colours; see page 31.

BUILT TO GROW WITH YOU

START WITH A ROOF. FINISH WITH A ROOM.

Most of our customers start with an open veranda or pergola and add glass later. Every Apex structure is modular, so sliding doors and side walls fit straight onto the roof you already have, whenever you're ready.

1 Open

A roof over the patio. Shelter from the rain, fitted in a day.

2 Part enclosed

One or two sides closed with an aluminium wall or panels. Shelter from the wind.

3 Glass room

Glass sliding doors on every open side. A room you use all year.

Save, then add.

Spread the cost over time. Start with the roof this year, close in one side next spring, and finish the glass room when you're ready.

A room you use all year

ALREADY HAVE ONE?

Add glass to your existing pergola or veranda

We can fit glass sliding doors to most existing verandas and pergolas, including other makes. Send us a photo and the measurements and we'll confirm.

WHAT A TRANSFORMATION

Before and after: from a bare patio to a glass room you can use all year.

See what's possible for your space

FIXED ROOF · ATTACHED TO YOUR HOUSE

THE **BOSCO**

Our bestselling veranda

The Bosco is an aluminium veranda or pergola fixed to your house, with a polycarbonate roof, made in widths from 4 m upward and projections from 2.5 m to 4 m.

BEST FOR

- The simplest way to cover a patio
- The most popular base for a glass room
- Any width you need, because units link together

ROOF	SPAN ON TWO POSTS	PROJECTION	ORDER TO FIT
Polycarbonate	**Up to 4 m**	**2.5 m to 4 m**	**6–8 weeks**

Our most popular veranda, and the base for most of the glass rooms we fit

Bosco units link together, so it can be made as wide as your house. Add glass sliding doors, an aluminium side wall or polycarbonate panels on the day or years later; they all fit the same frame.

DETAILS

Colours	RAL 9016 white, 9001 cream, 7024 anthracite, 9005 black
Roof	16 mm polycarbonate: opal, clear, ultra clear or solar control
Posts	Rectangular, 115 × 150 mm
Gutter	Straight, with round or classic decorative front as options
Widths	4060, 5060, 6060, 7060 mm, or linked units
Projection	2500, 3000, 3500, 4000 mm
Between posts	Up to 4 m

Add LED lighting, side walls and glass sliding doors. See pages 26 to 31.

028 2542 9017

FIXED ROOF · ATTACHED TO YOUR HOUSE

THE GIALLO

Fewer posts, wider views

The Giallo is a strengthened aluminium veranda or pergola with a polycarbonate roof that spans up to 6 m on just two posts, in widths from 4 m to 7 m and projections up to 6 m.

BEST FOR

- Wide patios where a middle post would block the view
- Long runs of glass sliding doors

GIALLO DETAILS

Colours	RAL 9016 white, 9001 cream, 7024 anthracite, 9005 black
Roof	16 mm polycarbonate: opal, clear, ultra clear or solar control
Posts	Rectangular, 115 × 150 mm
Widths	4060 to 7060 mm, or linked units
Projection	2500 to 4000 mm, and 6000 mm
Between posts	Up to 6 m

THE UPGRADE

GIALLO PLUS+

A heavier gutter for wider spans

The Giallo Plus+ is built on the Giallo frame with a larger, heavier gutter, so it spans further between posts. It spans up to 7 m on just two posts, so a wide patio needs no post in the middle.

GIALLO PLUS+ DETAILS

Colours	RAL 9016 white, 9001 cream, 7024 anthracite, 9005 black
Roof	16 mm polycarbonate: opal, clear, ultra clear or solar control
Gutter	Extra-heavy reinforced gutter
Between posts	Up to 7 m
Widths	5060, 6060, 7060 mm
Projection	2500, 3000, 3500, 4000 mm

Book your free site visit
We measure up, talk it through and give you a written quote.
028 2542 9017

FIXED ROOF · GLASS ROOF

THE **PIGATO**

A glass roof full of light

The Pigato is an aluminium veranda or pergola with an 8.8 mm laminated safety-glass roof, fixed to your house, in widths from 4 m to 7 m and beyond and projections from 2.5 m to 4 m.

BEST FOR

- Keeping the light in the rooms behind it
- A glass room that feels like part of the house

PIGATO DETAILS

Colours	RAL 9016 white, 9001 cream, 7024 anthracite, 9005 black
Roof	8.8 mm laminated safety glass
Posts	Half-round or square
Gutter	Round or classic
Widths	4060 to 7060 mm, or linked units
Projection	2500 to 4000 mm
Between posts	Up to 4 m

THE UPGRADE

PIGATO PLUS+

Glass roof, wide span

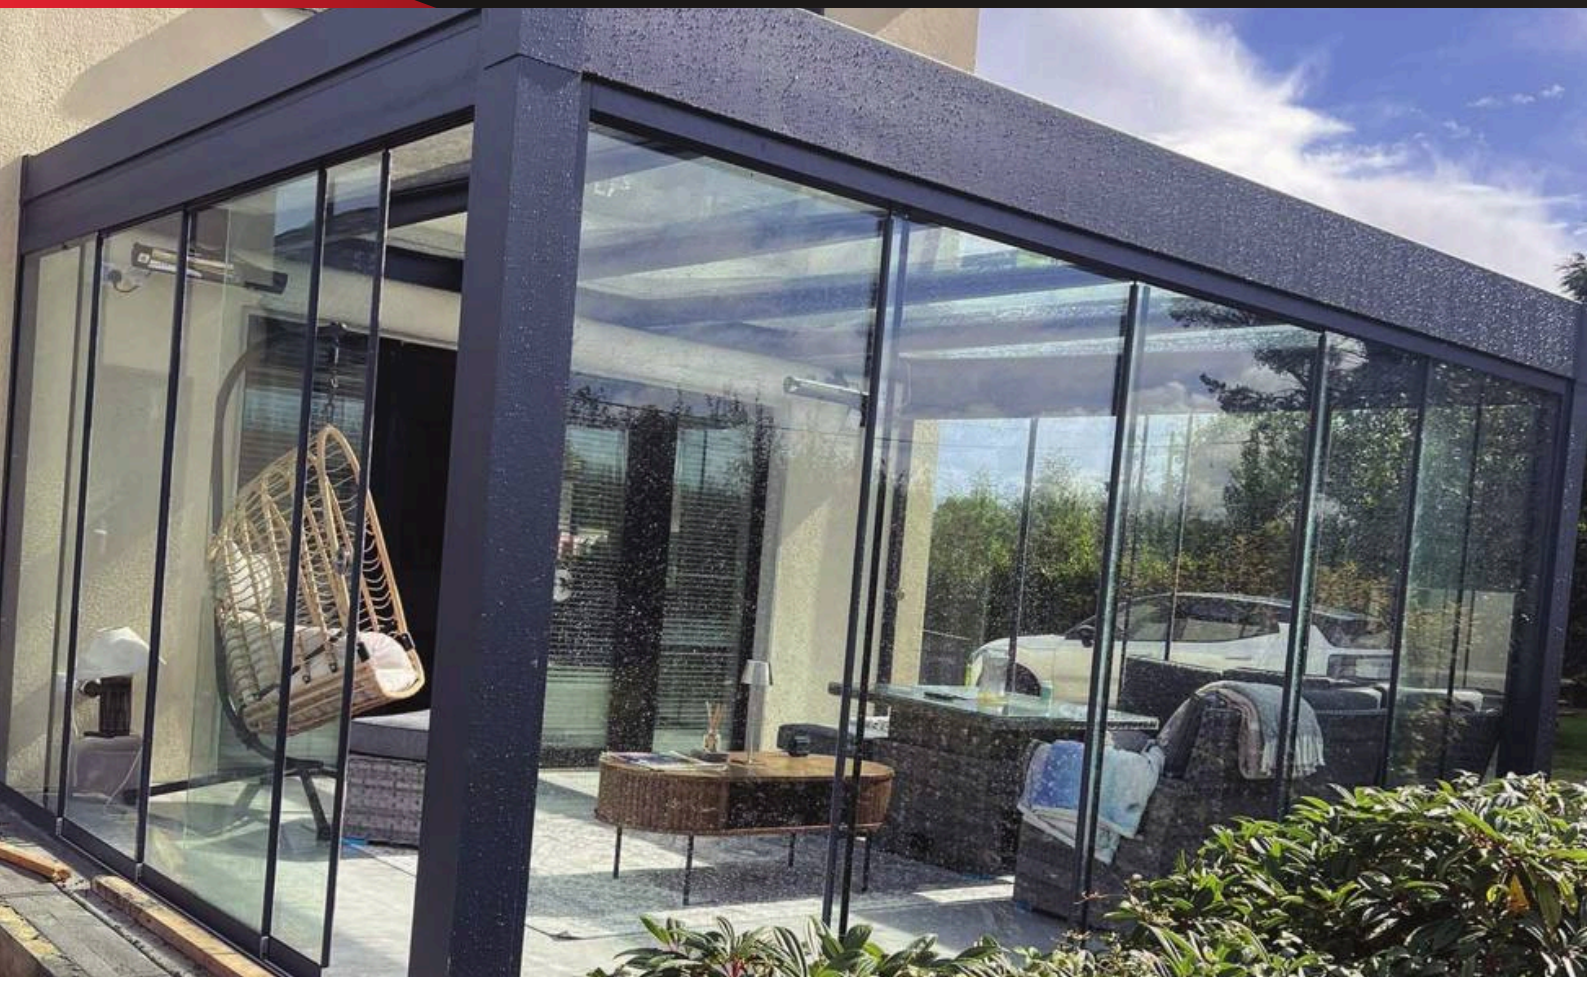

The Pigato Plus+ has an extra-large gutter that spans up to 7 m on two posts. Choose it if you want one run of glass sliding doors across the front with no post in the middle.

PIGATO PLUS+ DETAILS

Colours	RAL 9016, 7024 or 9005, textured finish
Roof	8.8 mm laminated safety glass, or opal or clear polycarbonate
Posts	Square 110 × 110 or 150 × 150 mm, or half-round 110 mm
Gutter	Round or classic
Widths	5060, 6060, 7060 mm
Depth	2500, 3000, 3500, 4000 mm
Between posts	Up to 7 m

Book your free site visit
We measure up, talk it through and give you a written quote.

028 2542 9017

FIXED ROOF · FLAT GLASS ROOF

THE TREBBIANO

A flat glass roof for bungalows

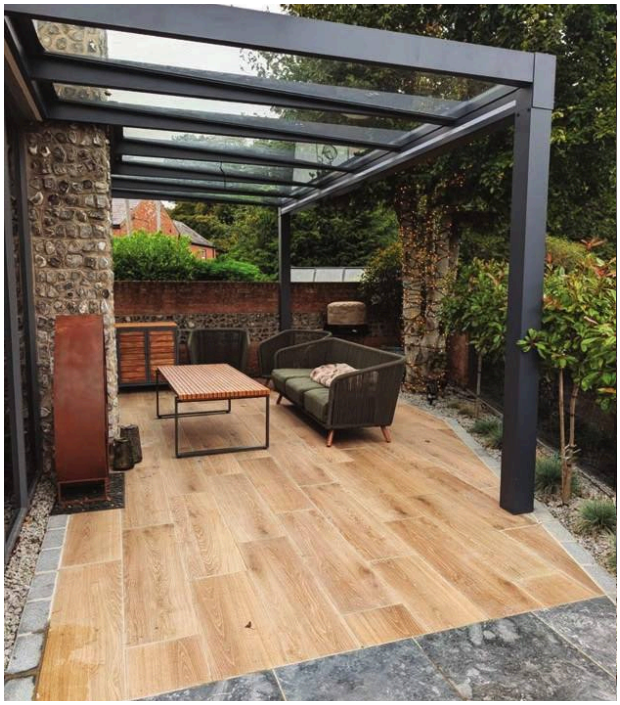

The Trebbiano is a flat-roofed aluminium veranda with a reinforced glass roof that spans up to 7 m on two posts, made for bungalows and houses with little height above the doors.

BEST FOR

- Bungalows and low-pitched roofs where a sloping veranda won't fit
- A modern, square look
- Doubling as a carport

ROOF	SPAN ON TWO POSTS	LIGHTING	ORDER TO FIT
Flat glass	**Up to 7 m**	**LED as standard**	**6–8 weeks**

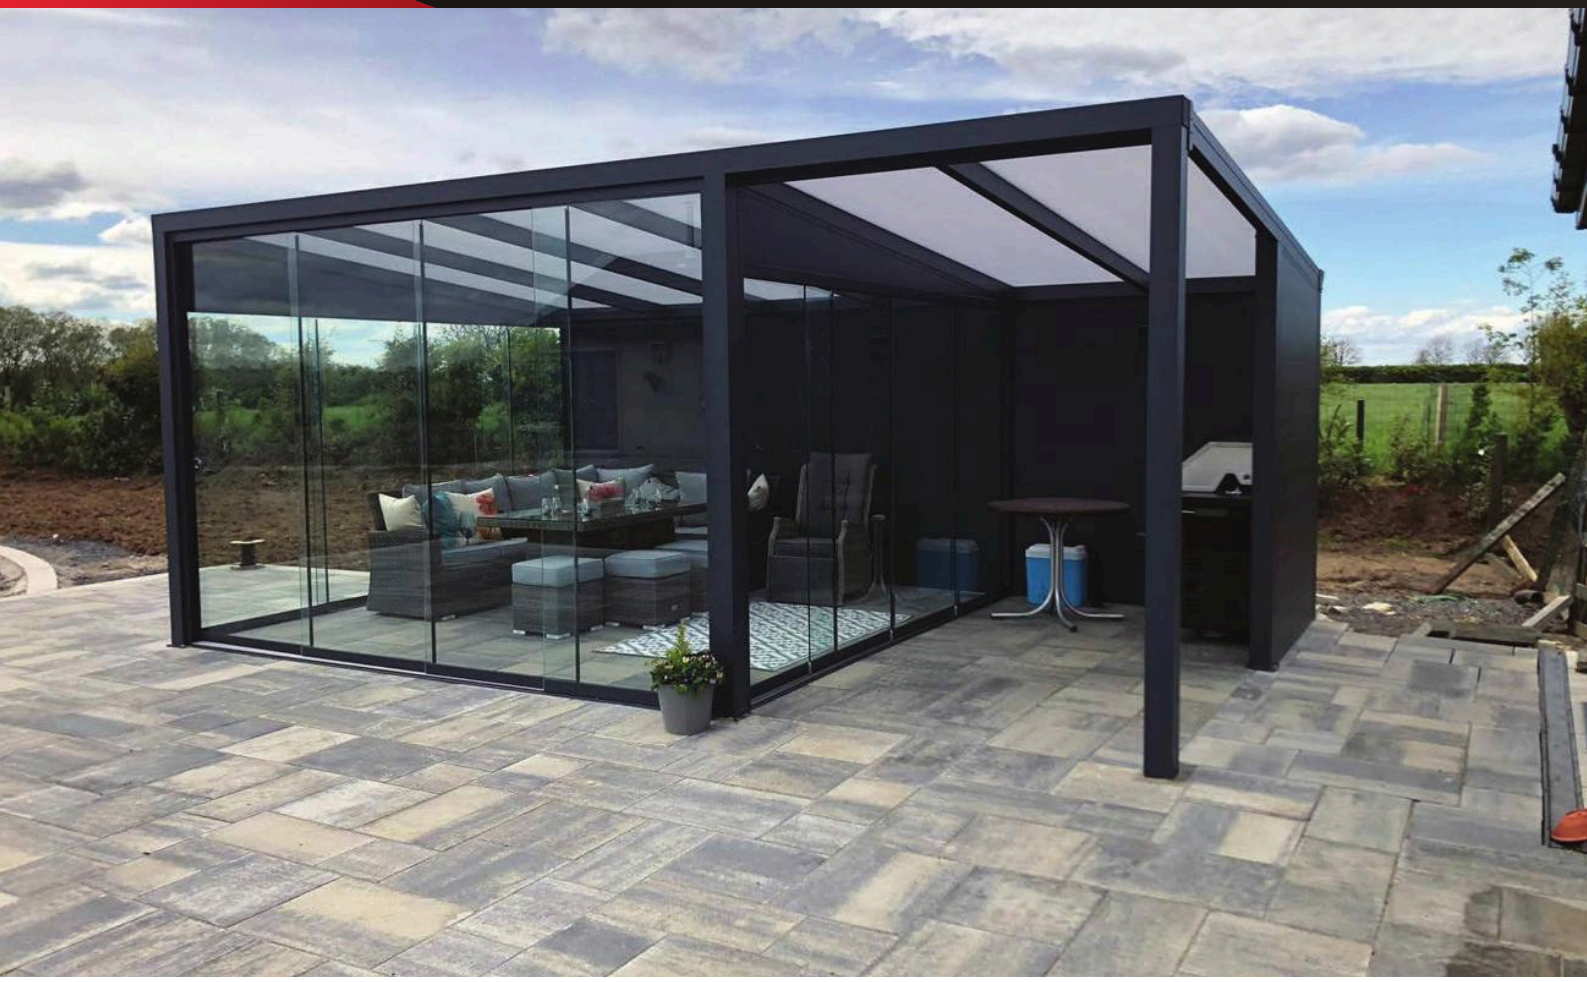

All the benefits of a wall-mounted veranda, with the clean lines of a flat-roofed pergola

The reinforced glass gives an open view of the sky, and LED lighting is built into the gutter as standard. Its straight roof also makes it a strong choice as a carport.

DETAILS

Colours	RAL 9016, 7024 or 9005, textured finish
Roof	8.8 mm laminated safety glass
Posts	Square, 150 × 150 mm
Gutter	Straight
Lighting	LED lighting in the gutter as standard
Widths	3914, 4878, 5842, 6806 mm, or linked units
Depth	2982, 3482, 3982, 4482 mm

Book your free site visit

028 2542 9017

FREESTANDING · STANDS ON ITS OWN POSTS

THE **RIBOLLA**

A covered space anywhere in your garden

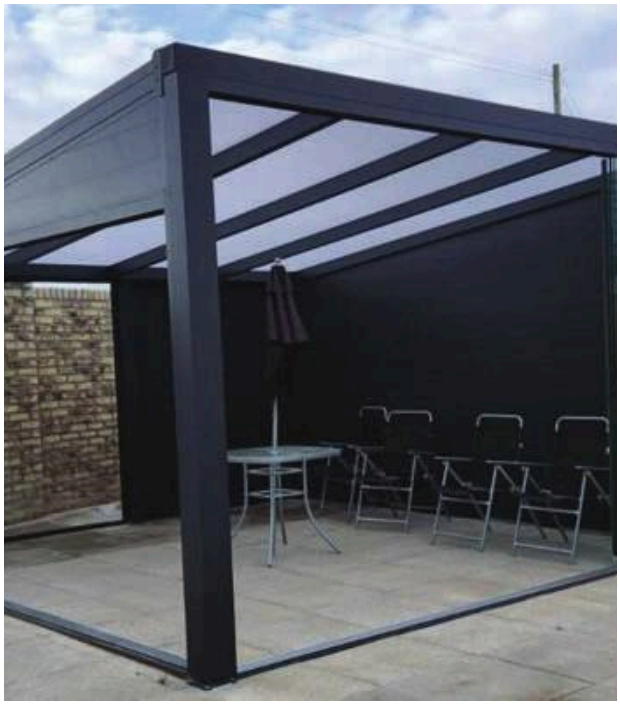

The Ribolla is a freestanding aluminium veranda or pergola with a polycarbonate roof that stands on its own posts, so it can go at the end of the garden, beside the house or over a seating area, in widths from 4 m to 6 m.

BEST FOR

- Gardens where the best spot is away from the house
- Outdoor kitchens and seating areas
- A garden room you can enclose later

ROOF	SPAN ON TWO POSTS	COLOURS	ORDER TO FIT
Polycarbonate	**Up to 6 m**	**Grey or black**	**6–8 weeks**

Unlike a traditional veranda, the Ribolla stands on its own, so it goes where you want to sit

Close the back wall, close one side, or fit a side wall with an ultra-clear window. Glass sliding doors can go on any side, and it can be built onto an existing low garden wall.

DETAILS

Colours	Grey (RAL 7024) or black (RAL 9005)
Roof	16 mm polycarbonate: opal, clear, ultra clear or solar control
Gutter	Round or Victorian
Widths	4060, 5060, 6060 mm
Depth	2500, 3000, 3500, 4000 mm
Between posts	Up to 6 m

Options: closed back wall, one closed side wall, or a side wall with an ultra-clear window and railing.

We measure up, talk it through and give you a written quote.

028 2542 9017

WALL-MOUNTED OR FREESTANDING · GLASS ROOF

THE **PINELA GLASS**

A modern glass-roofed cube

The Pinela Glass is a square-edged aluminium structure with a wide-panel glass roof, fixed to the house or freestanding on four posts, spanning up to 7 m on two posts with LED lighting built into the gutter.

BEST FOR

- Modern houses
- A glass room that looks like an extension
- Freestanding garden rooms

ROOF	SPAN ON TWO POSTS	LIGHTING	ORDER TO FIT
Wide-panel glass	**Up to 7 m**	**LED as standard**	**6–8 weeks**

Glass overhead, lighting built in and a 7 m span on just two posts

Extra-wide glass panels fill the space with natural light, and the integrated construction gives the Pinela Glass its clean, cubic look. A polycarbonate roof is also available.

DETAILS

Colours	RAL 9016, 7024 or 9005, textured finish
Roof	44.2 reinforced safety glass, or polycarbonate
Lighting	LED lighting in the gutter as standard
Applications	Wall-mounted, or freestanding on four posts
Widths	3 m to 7 m, in 1 m steps
Projection	3000, 3500, 4000, 4500 mm
Between posts	Up to 7 m

Book your free site visit
We measure up, talk it through and give you a written quote.
028 2542 9017

OPENING ROOF · WALL-MOUNTED OR FREESTANDING

THE PINELA LOUVRED

Open the roof to the sun, close it for the rain

The Pinela Louvred is an aluminium pergola with a roof of motorised louvres you tilt open and closed by remote control, fixed to the house or freestanding, in widths from 3.1 m to 6 m.

BEST FOR

- Sunny patios that need both shade and rain cover
- Anyone looking for a bioclimatic or louvred pergola

PINELA LOUVRED DETAILS

Roof	Aluminium louvres, motorised as standard, by remote control; rain-tight when closed
Colours	RAL 9016 white, 7024 anthracite, 9005 black
Applications	Wall-mounted, or freestanding on four posts
Lighting	LED lighting as standard
Widths	3124, 4088, 5052, 6016 mm
Projection	3000, 3500, 4000 mm

THE UPGRADE

PINELA LOUVRED PLUS+

Wider spans, wider opening

The Louvred Plus+ builds on the Pinela Louvred with bigger sizes, up to 7 m wide on just two posts, and louvres that tilt anywhere from fully closed to 120 degrees, so you can angle them to the sun.

PINELA LOUVRED PLUS+ DETAILS

Roof	Aluminium louvres, motorised, by remote control
Opening	Tilts from 0 to 120 degrees
Colours	RAL 9016 white, 7024 anthracite, 9005 black
Lighting	LED lighting as standard
Widths	4088, 5052, 6016, 6980 mm
Projection	3000, 3500, 4000, 4500 mm
Between posts	Up to 7 m

Book your free site visit
We measure up, talk it through and give you a written quote.

028 2542 9017

OPENING ROOF · WALL-MOUNTED OR FREESTANDING

THE PINELA RETRACTABLE

Slide the whole roof open

The Pinela Retractable is an aluminium pergola whose roof panels slide to one side at the press of a button, spanning up to 7 m on two posts, fixed to the house or freestanding on four posts.

BEST FOR

- The most open-air feel of any covered roof
- Houses where a closed roof would darken the rooms behind

ROOF	SPAN ON TWO POSTS	LIGHTING	ORDER TO FIT
Sliding panels	**Up to 7 m**	**LED as standard**	**6–8 weeks**

Full sun one minute, full rain cover the next

Wide, strong panels slide away by remote control for open sky, then close and press onto the gutter seals for complete rain cover. LED lighting in the gutter comes as standard.

DETAILS

Colours	RAL 9016, 9005 or 7024, textured finish
Roof	Aluminium panels that slide to one side, by remote control
Lighting	LED lighting in the gutter as standard
Applications	Wall-mounted, or freestanding on four posts
Sizes	4 m to 7 m wide, 3 m to 4.5 m deep
Between posts	Up to 7 m

Book your free site visit
We measure up, talk it through and give you a written quote.

028 2542 9017

RETRACTABLE

CARPORTS · FREESTANDING

THE **PINELA CARPORT**

Keep the car, and yourself, out of the rain

The Pinela Carport is a freestanding aluminium carport with a fixed aluminium roof and a slim frame, in widths from 3.1 m to 6 m.

BEST FOR

- Driveways beside the front door
- Covering two cars
- Adding a louvred back wall for privacy and wind shelter

PINELA CARPORT DETAILS

Frame	Slim aluminium frame, freestanding
Roof	Fixed aluminium
Colours	Grey, white or black
Lighting	LED lighting available
Widths	3124, 4088, 5052, 6016 mm
Projection	3000, 3500, 4000 mm
Options	Louvred back or side wall

THE UPGRADE

PINELA CARPORT PLUS+

A heavier frame for wider spans

The Carport Plus+ has a heavier frame for spans up to 7 m and depths up to 5 m, room for two cars side by side. And any Apex veranda can also be fitted as a carport over a side entrance (pictured right), so you stay dry from car to door.

PINELA CARPORT PLUS+ DETAILS

Frame	Heavy-duty aluminium frame, freestanding
Roof	Fixed aluminium
Colours	Grey, white or black
Lighting	LED lighting available
Widths	3 m to 7 m
Projection	3 m to 5 m
Between posts	Up to 7 m

Book your free site visit
We measure up, talk it through and give you a written quote.

028 2542 9017

CLOSE IT IN · FITS ANY APEX STRUCTURE

GLASS SLIDING DOORS

Close it in when the weather turns

Frameless 10 mm glass sliding doors fit under any Apex veranda or pergola, and most existing ones, turning an open roof into a glass room you can open fully on a good day.

BEST FOR

- Using the space right through winter
- Wind and rain shelter without losing the view
- Closing in a pergola you already have

GLASS	TRACKS	HEIGHTS	SECURITY
10 mm toughened	**2 to 6 rails**	**2.0 m to 2.5 m**	**Side lock available**

Frameless glass for an unbroken view, all year round

The panels run on 2 to 6 track rails with no frame between them, so the view stays clear whether they're open or closed. They suit verandas, porches, garden rooms and balconies.

DETAILS

Colours	RAL 9016, 9001, 7024, 9005 or uncoated
Glass	10 mm toughened
Tracks	2, 3, 4, 5 or 6-track rails
Panel widths	640, 820, 980, 1040 mm
Heights	2000 to 2500 mm, other sizes on request
Side lock	Available, one per door set

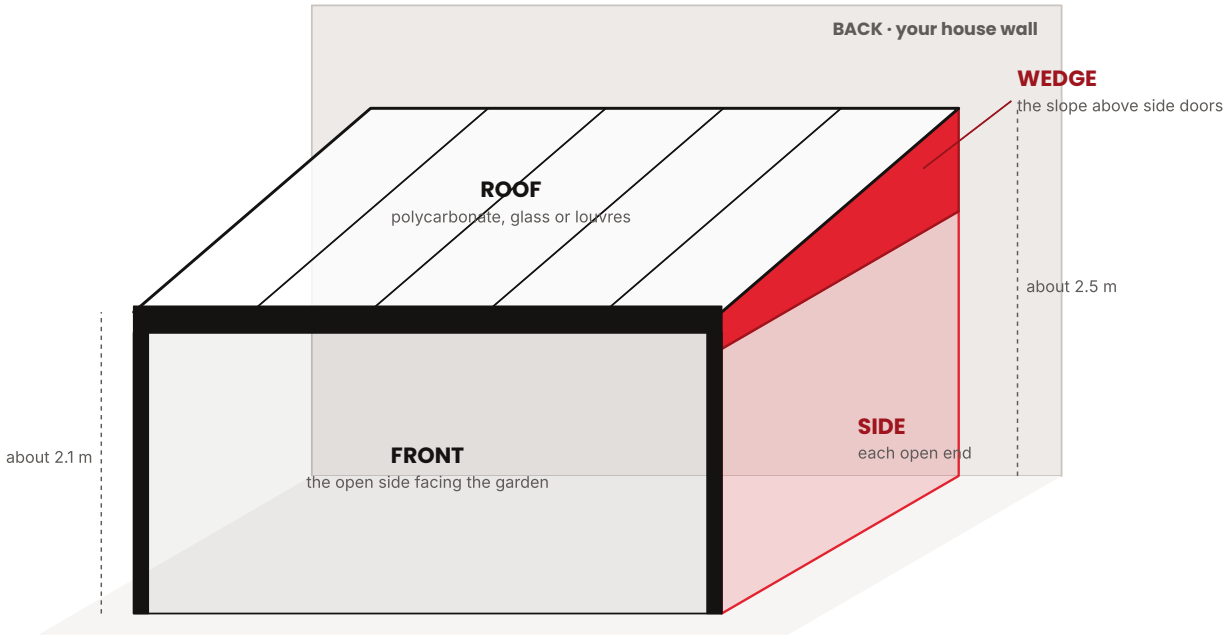

Handles and other accessories are available.

We measure up, talk it through and give you a written quote.
028 2542 9017

SIDE WALLS AND OPTIONS

CHOOSE YOUR SIDES

Each open side of your veranda can be left open, closed in solid, glazed, or a mix of both, all colour-matched to the frame. Here's what we mean when we talk about the front, the sides and the wedge.

Front

Usually glass sliding doors, so the room opens fully to the garden.

Sides

Run from about 2.5 m at the house to 2.1 m at the front. Most rooms need at least one closed in.

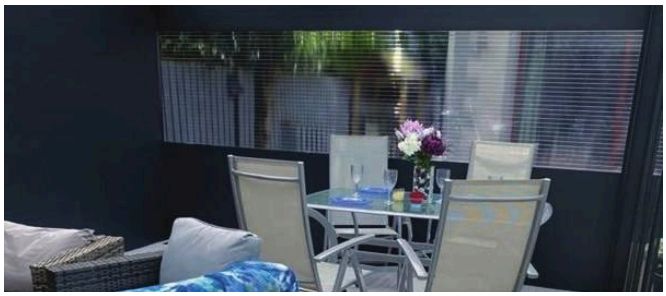

Wedge

The sloping strip above side doors, filled in aluminium, polycarbonate or glass.

Full aluminium wall

Complete privacy and wind shelter. 150 mm boards, colour-matched in four colours.

Half aluminium, half polycarbonate

Privacy below and light above. Our most popular third side.

Full polycarbonate wall

Opal for privacy, or clear and ultra clear for light.

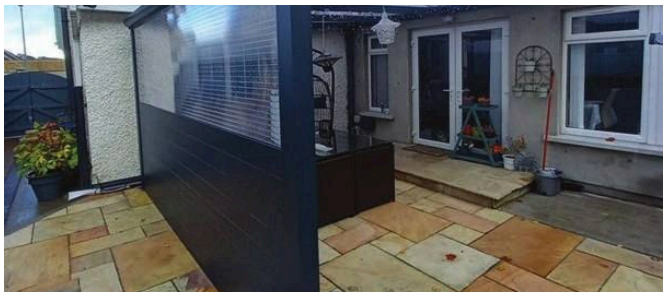

Glass sliding doors

Open fully on a good day, closed tight in winter. See pages 26 and 27.

Louvre wall

Fixed or rotating aluminium louvres for shade and airflow, like the back wall on this carport. NEW

Ultra clear wall

A polycarbonate wall clear enough to see straight through, for light and the view without draughts. NEW

The wedge

The triangle above side doors, in aluminium, polycarbonate or glass.

Not sure which sides you need?

Most rooms close in three sides. We'll suggest the right mix for your garden at the free site visit.

028 2542 9017

LIGHTING AND COLOURS

FINISH IT YOUR WAY

LED lighting

LED lighting is built into the gutter on the Pinela Glass, Pinela Retractable and Trebbiano, and can be added to the other models. Evenings outside, without the extension lead.

Colours

Every frame is powder-coated in white, cream, anthracite grey or black. Not every model comes in every colour; see the chart opposite.

Four frame colours

White
RAL 9016

Cream
RAL 9001

Anthracite grey
RAL 7024

Black
RAL 9005

IDEAS FROM REAL APEX INSTALLS

IDEAS FROM HOMES WE'VE TRANSFORMED

01

Open-sided veranda along the back of the house

Open on three sides, fixed to the house wall and projecting up to 6 m. Rainwater runs down a pipe hidden inside one of the posts.

02

A veranda in a corner

Left open for now, ready to be closed in later with an aluminium wall and sliding glass panels.

03

Half and half side wall

A 4 m × 4 m Bosco in a corner with one side closed in: aluminium panel below, ultra clear polycarbonate above.

04

Part glass room, part open cover

One end becomes a glass room with sliding glass panels, the rest stays open. The wedge above is colour-matched aluminium.

05

A carport over the side entrance

Open on all three sides and projecting up to 6 m. Dry from car to door, even with the weekly shop.

06

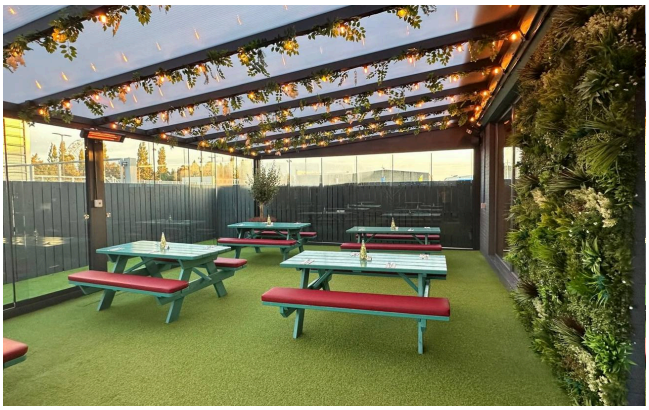

Wall brackets instead of posts

Where posts can't go into the ground, the roof is carried on custom-made wall brackets instead.

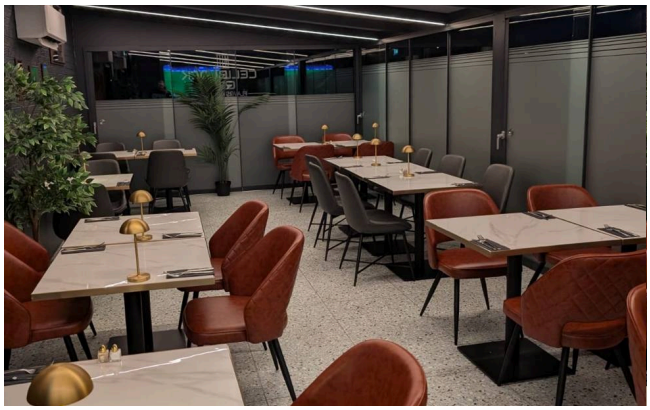

COMMERCIAL AND TRADE

BUILT FOR BUSINESS TOO

The same aluminium and glass systems, made to measure for pubs, restaurants, schools, hospitals, care homes and developers, and fitted by our own teams.

Bolt Deli, Belfast. A glass-roofed beer garden, open whatever the weather.

Cell Block Grill. A covered dining room with LED lighting and glass sides.

Corkbeg Coffee, Whitegate, Co. Cork. A glass room on the shore wall.

Apartment courtyard. Freestanding louvred pergolas for residents.

Recent commercial work

- Beer gardens and restaurant terraces
- Café and hotel glass rooms
- Apartment and office courtyards
- School canopies, including Downpatrick High School
- A covered link to a mobile MRI unit at Tallaght University Hospital
- Glass corridors for care homes
- Padel court enclosures
- Smoking shelters and carports

Trade, dealer and tender enquiries

HOW IT WORKS

FROM FIRST CALL TO FIRST COFFEE IN YOUR NEW ROOM

1

Get in touch

Online, by phone, or at any of our five showrooms.

2

Free site visit

We measure up, look at the ground and talk through what you want.

3

Your design and quote

In writing, with the options laid out so you can compare.

4

Order

Sign the order form and pay 75% by bank transfer. We order your structure the same week.

5

Fitting date

Usually 6 to 8 weeks from order to fitting. We'll book your date and keep you posted.

6

Fitting

By our own team. An open veranda usually takes a day, glass rooms and bigger jobs 2 to 4 days. The balance is due when fitting starts.

QUESTIONS WE GET ASKED

GOOD QUESTIONS, STRAIGHT ANSWERS

How much does it cost?

Every room is priced on its size and options. Ask for the price list, see the cost guides on our websites, or book a free site visit for a fixed written quote.

How long will it take?

Usually 6 to 8 weeks from order to fitting. An open veranda takes a day to fit; glass rooms and bigger jobs 2 to 4 days.

Can it be closed in for winter?

Yes. Glass sliding doors and side walls turn any Apex veranda into a room you can use all year round.

Is a glass room the same as an extension?

No. It keeps out the wind and rain but isn't insulated living space, and we don't fit solid insulated roofs.

Can you add glass to my existing pergola?

In most cases, yes, including other makes. Send us a photo and the measurements and we'll confirm.

Do I need planning permission?

It depends on the size and where it goes, and the rules differ North and South. Check with your local council before you order; your quote gives the exact sizes.

Do I need a base or groundworks?

We fit onto a firm, level base such as a patio or concrete. If you need one laid, we can recommend a contractor or give your own builder the instructions.

Do you cover my area?

Yes. We fit across Northern Ireland and Donegal from Ballymoney, and across the Republic from our Dublin, Cork, Galway and Carlow showrooms.

What guarantee do I get?

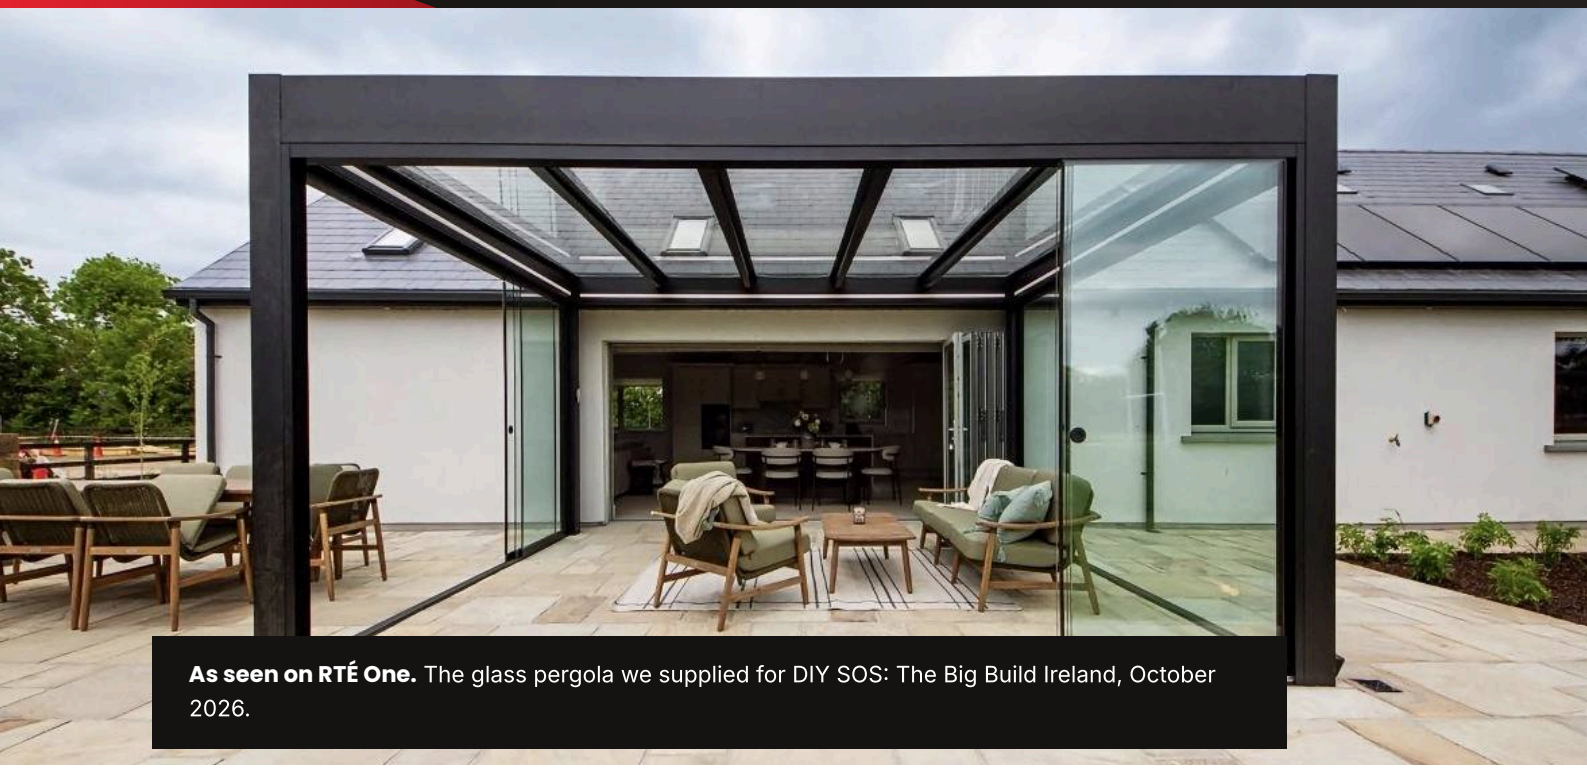

Up to 10 years on the roof, 5 years on the finish and 2 years on workmanship.

How do I pay?

75% with your order and the balance when fitting starts, by bank transfer. Supply only is available too.

Something else?
Call the office or ask at your site visit.

028 2542 9017

As seen on RTÉ One. The glass pergola we supplied for DIY SOS: The Big Build Ireland, October 2026.

WHAT OUR CUSTOMERS SAY

DON'T JUST TAKE OUR WORD FOR IT
